

Adventurer® Analytical and Precision Laboratory Balances

Save up to 25% on selected models *Promotion until 22/12/15*

Key Features

Great weighing performance:

Delivers stable and reliable results in seconds (up to 1,5sec)

Improved stabilization time:

25% faster than the Ohaus Adventurer AV Models

Offers a variety of calibration options:

AutoCal™ is available on selected models, which features a fully automatic internal calibration. Traditional external calibration on is available on all /E models

Calibration data for service purposes:

25 records of calibration stored in memory

4,3" wide color touchscreen:

Which can be used while wearing lab gloves!

6 mechanical buttons:

2x Tare, On/Off, Print, Zero, Cal

Easy to operate user menu:

QWERTY keypad, Level Assist screen, Capacity Guide bar, Below-minimum weigh indicator. 9 languages and 9 application modes.

Ohaus Adventure Balance.*

Product Code	Series	Model	Spec	List Price	Special Offer Price
EXHSAX223	Ohaus Adventurer Precision	AX223	220g X 1mg	€1405	€1054
EXHSAX423	Ohaus Adventurer Precision	AX423	420g x 1mg	€1595	€1182
EXHSAX523	Ohaus Adventurer Precision	AX523	520g x 1mg	€1810	€1330
EXHSAX622	Ohaus Adventurer Precision	AX622	620g x 0.01g	€1260	€955
EXHSAX1502	Ohaus Adventurer Precision	AX1502	1520g x 0.01g	€1385	€1040
EXHSAX2202	Ohaus Adventurer Precision	AX2202	2200g x 0.01g	€1405	€1054
EXHSAX4202	Ohaus Adventurer Precision	AX4202	4200g x 0.01g	€1595	€1182
EXHSAX5202	Ohaus Adventurer Precision	AX5202	5200g x 0.01g	€1810	€1330
EXHSAX124	Ohaus Adventurer Analytical	AX124	120g x 0.1mg	€2010	€1465
EXHSAX224	Ohaus Adventurer Analytical	AX224	220g x 0.1mg	€2100	€1525
EXHSAX324	Ohaus Adventurer Analytical	AX324	320g x 0.1mg	€2210	€1599

Explorer[®] Analytical and Precision & Semi Micro Laboratory Balances

The Explorer is the culmination of the very best thinking from the mind of OHAUS. It represents the perfect blend of our customers' input and our engineers' vision and has been created to deliver quality and dependability that simply has no equal.

The Ohaus Explorer delivers accurate results within seconds.

- Fast stabilization time which improves operational efficiency and Increases throughput also Improves productivity
- Optimized linearity and repeatability specifications which provides accurate and repetitive results
- Superior vibration filtering which provides balance stability in unstable environments

Product Code	Series	Model	Spec	List Price	Special Offer Price
